

News from Mrs. Eischens

September 12th-16th

What We're Learning!

Math: Next week we will begin our first unit in math. We will start our math workshop in full force. Our "I Can" statements for this unit include:

"I can read, write, and represent whole numbers up to 100,000."

"I can use place value to describe whole number between 1,000 and 100,000 using expanded and standard form."

Reading: Identifying traits of a character will be our strategy for this week in reading.

"I can identify character traits using evidence from the text."

Science: We will begin our unit on Matter this week. We will learn about the three states of matter and how they are measured.

Spelling Words

Short Vowels: VCCV
